

# Olga Lepska

Olga Lepska is a young artist from the charming city of Lviv, Ukraine. She graduated from the Lviv National Academy of Arts from the faculty of Decorative and Applied Arts, specializing in the art of textile printing. The magic of colours strongly intermingles with the artist's thoughts, and has been a crucial point in understanding that her life without a brush in hand would seem meaningless. This is probably the reason for why Olga has been teaching art to children for over four years. "In teaching you always learn", is the artist's slogan. Olga's artwork had an occasion to satisfy many eyes at the exhibition halls of different galleries in Lviv, and at the Lviv Palace of Arts.
