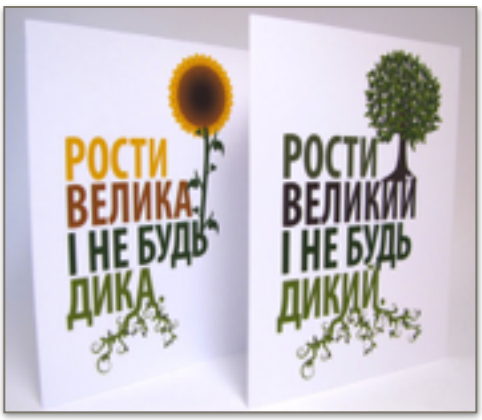
Tanya Mykytiuk

Tanya is a Graphic Communications Specialist living in Toronto, Canada. A graduate of the School of Graphic Communications Management (BTech) at Ryerson University, Tanya has more than 15 years of professional experience in the pre-press, print, design and marketing industries. Now a work-at-home mom to the two most darling boys you will ever meet, she is turning her interest and talents for design into a home business, PtashkaArts.


PtashkaArts began in December 2013 with the design of some contemporary Ukrainian Christmas cards which became instantly popular, shipping worldwide in a matter of a few weeks. Since then, this line of contemporary Ukrainian stationary and greeting cards as well as prints for children has been steadily growing. Her work is unique, fresh and modern, not mass-produced, and appeals to both younger and mature generations of Ukrainians in Canada and abroad.
